ECB Support Coach

This programme has been designed to give learners the knowledge, skills, and confidence to support qualified coaches and enhance player experience.

An ECB Support Coach is not qualified to lead coaching sessions independently and therefore must be supervised by a qualified cricket coach.

The Support Coach course is ideal for those looking to assist coaches at clubs, volunteers, parent helpers and young players looking to take their first steps towards coaching.

The programme consists of three modules in total; two bite sized e-Learning modules are integrated with one face-to-face module.
